

## *Parliamentary Limericks*

There once was a fellow named “Bob”  
Writing rules of order his job  
His guidelines to speak  
For the strong and the meek  
Keep the group from becoming a mob

Motions start out by saying “I move”  
A second puts it in the groove  
State opinion and fact  
And always use tact  
Then call for the vote to approve

## *Bylaws Limerick*

We are here to discuss the bylaws  
And the reason is clear – it’s because  
It is one of your tools  
To provide all the rules  
To move through the year without pause.

## *Nominating Committee Limericks*

It's never too early – don't wait  
To ponder your PTA slate  
Elect a committee  
For the nitty gritty  
Of finding the best candidate.

To recruit the right candidate  
And fill out your PTA slate  
Compliment and cajole  
Say, “you're born for this role”  
And your board will turn out just great!
