

Attention Legislative Reps!

Tell Congress to Meet the Needs of Students and Families During COVID-19

There are numerous critical needs children, families, educators and schools are facing during the COVID-19 crisis. While Congress has provided some relief to our nation's children, families and the educational system in previous legislative packages, there are additional needs that must be met during this pandemic. National PTA is asking Congress to address four key areas in the next COVID-19 relief package, referred to as "C-4" or the "fourth relief bill," – 1) family engagement, 2) remote learning, 3) support of students with disabilities and 4) child nutrition.
